I have gone to Montana Spirit Lodge twice in the past 3 years and it has been some of the best fishing I've ever experienced. The lodge is set in the Madison Valley just below Quake Lake and provides a relaxing and luxurious place to stay. Owner Dave Magistrelli has told me September is the best time of year to be in the area fishing, so come join us for what will surely be a great fishing trip. Please feel free to contact Geoff Bostic with any questions. My number is (303) 619-7214.
